WHAT? PUB

Have you ever wondered about how pubs get into the Good Beer Guide (GBG)? Unlike those guides where paid individuals submit reviews, GBG entries are compiled from beer scores submitted by CAMRA members. Every single CAMRA member has the opportunity to contribute to the GBG, by submitting quality scores for the beers they have drunk.

in fact beer scoring is a vital tool of CAMRA's ongoing campaign for good beer and good pubs. There are approximately 130 pubs in our branch, which currently serve real ale, so we need members from across the region to

help us gather information about them year-round.

With thousands of ales to choose from, everyone has their own personal favourites and things that they don't like, so please try to give an honest account of how well-kept a particular beer is. If you aren't sure then try to do your scoring based on beers that you know that you normally like when they are in good condition.

So, your vote does count. Judging the best pubs in Britain is something you are uniquely placed to do. Please take the time to beer score and make your contribution to the Good Beer Guide!

Scoring beer in pubs is really easy!

The National Beer Scoring System (NBSS) is a 0-5 (0 = No cask ale available) point scale for judging beer quality in pubs.

It is an easy to use system that has been designed to assist CAMRA branches in selecting pubs for the Good Beer Guide and also monitor beer quality by encouraging CAMRA members from any part of the world to report beer quality on any pub in the UK.

If you are a CAMRA member, we want you to tell us about the quality of beer in the pubs you visit.

Let's go POTY.....

Bankfoot Inn, Bankfoot / Cherrybank Inn, Perth / Ericht Alehouse, Blairgowrie / Speedwell Bar (Mennies), Dundee and the Milton Inn, Monifieth.

Final decision to be made on 7th February 2017, at meeting in Greyfriars, Perth.
